## ELISE PLEASURE OBJECT

Sculptural simplicity and tactile qualities are the defining elements of ELISE personality. Well in tune with the natural curves of the female body, the stem forms a soft arc for easy access to all those special places. The gentleness of the design is emphasized in the materials: a smooth medical-grade silicone and a (begging to be touched) silken-coated rigid PC-ABS.

Situated lengthwise are two vibrant pleasure points designated, solely or in harmony, to impart an array of toe-curling clitoral-, G-spot- or full-body rubdowns. The powerful vibrator assembly is engineered to maximize intensity whilst minimizing noise.

An intuitive interface dial facilitates exact massage control and access to five dynamic pleasuring programs. As a matter of discretion the interface dial can be locked during travel and transportation.

Like all LELO pleasure objects, ELISE is rechargeable and a 3-hour charge will provide up to 4 hours of bliss. To avoid running out of steam at the wrong moment, ELISE will indicate when the time has come to charge.

ELISE comes presented in a discrete gift box, accessorised with charger, user manual, satin pouch and a 1-year LELO warranty.

<b>COLOURS</b>	white pearl / sweet plum	 
<b>MATERIALS</b>	PC-ABS / medical grade silicone	
<b>FINISH</b>	pearl / pearl	
<b>SIZE</b>	220 x 42 x 36 mm	
<b>WEIGHT</b>	208 grams	
<b>BATTERY</b>	Li-Ion 900 mAh 3.7 V	
<b>CHARGING</b>	3 h at 4.8 V 300 mA	
<b>USER TIME</b>	up to 4 hours *	
<b>STAND-BY</b>	up to 90 days	
<b>FREQUENCY</b>	60-80 Hz	
<b>MAX. NOISE LEVEL</b>	< 50 dB	
<b>INTERFACE</b>	variable interface dial	
<b>FEATURES</b>	twin-engine pleasure points	
	5 programmed stimulation modes	
	LED interface / low charge indicator	
	double soft-touch coating	
	intuitive interface dial	
	interface travel lock	
	splash proof
